

Starskate Daytime Summer Skating Registration Details

Starting May 19th, 2025 daytime Starskate registration will open with week-by-week registration. This means at that time the only option is to register for a full week at a time. Each week is individual. For those in Star 1/2 the option is Monday and Wednesday or Tuesday and Thursday. Star 1 /2 can choose to skate all 4 days by registering for both. All other levels are for Monday to Thursday with the exception of holidays.

Please note Star 1 /2 does not have any group lessons and skaters must have a private coach to skate on these sessions.

All morning sessions include one on ice session and one off-ice session. Monday and Tuesday is with Mackenzie which is dryland specific to figure skaters including off ice jumps to learn and perfect techniques for on the ice, as well as a Spinners and Stretch class. Wednesdays and Thursdays are a dryland class, created to build strength and endurance that will translate to on the ice with Dylan. All classes will take place in the upstairs multi-purpose room.

Afternoon ice sessions are ice sessions only and do not include dryland.
